SENSOR+TEST 30 May to 1 June 2017, Nürnberg, Germany

The leading international trade fair for sensor, measuring, and testing technology will be held from 30th May to 1st June, 2017 in Nürnberg, Germany. The 2016 trade fair with its 586 exhibitors from 32 nations imposingly presented the entire spectrum of measuring and testing system expertise from sensors to computers. The AMA Conferences "SENSOR 2017" and "IRS² 2017" being held parallel to the exhibition will enrich the event with scientific facts and outlooks for the future of this industry. The SENSOR+TEST is a must-go venue for developers and engineers from all industries as well as for technically oriented engineering and science students. Without today's sensor and measuring technology, appliances, machines, systems, and industrial processes could not be designed according to the state of the art or further developed in view of future innovations. Moreover, without the latest testing technology, the ever-increasing standards of quality could not be met within the cost limits imposed by external factors. There is no comparable platform where innovative users can meet so many important innovative suppliers of sensor, measuring, and testing technology from all over the globe. Senior Experten Service (SES)

Since 1983, the Senior Experten Service (SES) has been helping small and medium-sized companies to help themselves, aided by Senior Experts - specialists who, having completed their active professional lives joined SES to pass on their knowledge on a voluntary basis. SES is the Foundation of German Industry for International Cooperation, a non-profit-making organization. SES support may also be available to public institutions, authorities and vocational training institutions. Although assignments mainly take place in developing and emerging countries, they also provide help in Germany.

IGCC Contract Guide (in English)

The IGCC Contract Guide provides valuable information on Indian contract law and outlines some of its distinctive features. It contains samples of various contracts as Distributorship agreement and Articles of Association. Especially for foreign companies the IGCC Contract Guide serves as a valuable handbook for setting up valid contracts in India.

PUBLIC PROCUREMENT IN INDIA – Öffentliche Ausschreibungen in Indien“ (In English & German)

The publication aims to provide an overview of the existing regulations on public procurement in the Republic of India for public entities, as well as bidders in public tenders. The Indian government presented a new unified procurement law for the Republic of India this year - possibly with a view to the likely conclusion of a free trade agreement with the EU.

Joint Ventures, Mergers & Acquisitions in India (in German and English)

This book serves as a preliminary guide to German/ Indian companies planning a collaboration in India.

The Business Law Magazine: a cooperation with the Indo-German Chamber of Commerce

The Business Law Magazine is an online English-language magazine primarily aimed at company lawyers, managing directors, judges, prosecutors and attorneys in Germany's leading trade partners. In articles written with real-world legal practice in mind, the magazine explores all important questions related to German corporate, commercial, tax, labour, compliance and IP/IT law. <http://www.businesslaw-magazine.com/>

The new Labor Law Magazine is an addition to the Business Law Magazine. With the growing importance of Germany for international investors and companies the Labor Law Magazine has specialized in this topic. Articles written by experienced lawyers deal with various aspects of German Labor Law in an international context.
